SITE OF HARRISON STATUE

FEDERAL SQUARE AND UNIVERSITY PARK SUGGESTED BY MANY.

Talk with Mr. John B. Elam on Plans of the Memorial Commission-Wealth of Ideas.

The subcommittee of the Harrison Monument Commission will meet soon to decide what kind of memorial shall be erected to Benjamin Harrison and where it shall be located. John B. Elam is chairman of the subcommittee, and the members are John W. Kern, Harry J. Milligan, Mortimer Levering and Charles W. Smith. The details have been left entirely to this subcom-

The memorial to General Harrison will shaft with an emblematic figure surmounting it. It will be located, in all probability, in one of three places, the Federal square, University Park or the Statehouse grounds. The members of the subcommittee are about divided as to the style of the memorial and also as to where it shall be placed.

"There is certainly no lack of suggestions," said John B. Elam yesterday after-"It has been decided that either a shaft or a heroic statue shall be executed in memory of President Harrison, but as to which will be chosen I cannot say at this time. I recall two very imposing shafts in memory of great men that are pleasing and entirely satisfactory. In Lexington, Ky., a giant shaft to the memory of Henry Clay, with a beautiful figure surmounting it, was placed in a handsome part of the city. In Charleston, S. C., a similar shaft to the memory of John C. Calhoun stands. It seems to me that the idea might be followed with success in this city. Those who have contributed to the memorial fund from other States do not look with favor on any other sort of memorial than a statue or shaft. When the idea of a memorial building was broached it received the disapproval of these contributors to the fund. and as some of them had given large amounts their opinions had weight. So it can safely be said the memorial will be one

of the two kinds I have mentioned. "Some have suggested to the committee that it be placed in University Park. It seems to me the suggestion is a good one, but still there are advantages in favor of other locations that have been mentioned. A statue of the President would be a very appropriate embellishment for Federal square, the only objection being that the great size of the building might dwarf the statue or shaft and reduce it to comparative insignificance. However, if the memorial were to be placed at the corner of Meridian and Ohio streets, that objection might be removed, and the same would be true if it were to be erected at Pennsylvania and Ohio streets. The technical institute site has been suggested to the committee, but it is considered that the old arsenal grounds are too far removed from the center of the city and that few visitors would have an opportunity of observing the tribute to the great citizen. St. Clair Park is one of the sites proposed, but it is said there is constant danger of the park being sold by the State. Another obection is that St. Clair Park is a little too far north. The grounds of the State Capitol might make a good location, and there are many that favor this place, but the committee has not discussed its advantages." Mr. Elam says the committee has taken no definite action other than to decide the memorial shall be either a statue or shaft. The details will be settled at the meeting to be held soon. The committee has in round numbers about \$40,000 to dispose of,

which should build a very imposing me-morial, Mr. Elam thinks.

SHERIFF METZGER NIPS IN THE BUD A JAIL DELIVERY.

Federal Prisoners Were Prepared Make It Unpleasant for the County Authorities.

SEARCH MADE OF ALL CELLS

DIRK KNIVES, REVOLVERS AND CLUBS DISCOVERED.

Desperate Characters Among the Seventeen Federal Prisoners Would Have Stopped at Nothing.

n the vicinity of the county jail yesterday morning by the reports of firearms in action, and the persons who were in hearing distance for a time thought there had been an attempt at a jail delivery. On the contrary, Sheriff Robert Metzger was merethey would work properly in case they

Had it not been for the precautions taken by the sheriff there is no doubt that there would have been "something doing" at the county jail. Some time ago Captain Kruger, of the city police department, while sitting at the desk in his office, saw a package dangling from a string out of one of the windows of the jail. He ran across the street and arrived in time to see the object quickly jerked over the window sill and into the building, but the person who had passed the package from the outside placent statement of Dictator Keach that, passed into the ward occupied by the seventeen federal prisoners who are to be taken to Leavenworth, Kan., in a day or so. JAIL DELIVERY PLANNED.

Yesterday Sheriff Metzger received word from an outside source that a plan had been conceived by the federal prisoners whereby they were all to gain their liberty on the day they were to be started for Leavenworth. It was said that they were armed and had planned a wholesale delivery at the time when they were being conducted from the building en route to the special car which was to carry them to the ison where they were to be imprisoned

Yesterday was the date first set for their leparture, and the sheriff decided to take ome steps towards frustrating their plans. Early in the morning he tried out the riot guns and found them in perfect working order. He then made the men march out of their cells one at a time and searched Keach, chairman; Sterling R. Holt, vice them all for arms, placing them in the olored ward of the jail as fast as their pockets were rifled. After they had all been searched and locked securely in the ward a complete search of the cells of the federal prisoners was made. Long dirk knives were found hidden in the mattresses, loaded revolvers and pistols and heavy clubs were dug up from the dark corners, and when all were placed in a pile it was seen that the prisoners had in some way secured a veritable arsenal. SECRET LEAKED OUT.

An effort was made by the sheriff to keep the find a secret, but it leaked out through an attache of the institution. There is no doubt that the careful action of Sheriff Metzger forestalled an attempt by desperate men to gain their freedom. On account of the heavy rains in the West and the high condition of the Mississippi river the transfer of the prisoners was not made yesterday as expected, but the men will be sent away as soon as circumstances will permit An investigation is being made by the

police to find if possible who the parties are that passed the arms through the windows to the inmates of the jail. So far none of the prisoners has admitted knowing anything about it, although several were placed in the "sweat-box" yesterday afternoon. One man seemed almost ready to make an admission, and it is hoped through him to learn the names of the guilty parties.

SALES OF PROPERTY.

Ferdinand Winter Adds a Large Lot

to Grounds Surrounding His Home. Yesterday the three-story brick building located at Nos. 251-253 East Washington street, opposite the courthouse, was sold by William English Walling, of the University Settlement Society of New York, to George R. Sullivan, for \$14,200. The price is about \$800 per front foot. The lot measures 17.101/2 feet on Washington street, and extends through to Pearl street, 195 feet in depth. Mr. Walling is a grandson of the late William H. English, from whom the property was inherited. The building is in excellent condition and will be immediately remodeled and enlarged by Mr.

Mr. Ferdinand Winter has purchased from Harry E. Drew the property 1319 North Meridian street, adjoining Mr. Winter's residence, for \$10,500. The lot measures forty feet frontage, which is about \$275 per front foot. Mr. Winter will remove the cottage now on this lot and include the entire lot in the lawn about his residence. This cottage, which is surrounded by large residences, has been a landmark in that portion of the city.

Fred W. Spacke, president of the Midland-Portland Cement Company, who recently purchased the Tedrowe property on North Meridian street for \$20,000, has added to his lawn the adjoining two lots south of his residence, paying Mr. George E. Rockwell, of Cincinnati, \$7,000 for them.

CONSENT OVER 'PHONE.

Wilbur C. Rice, of Greenfield, Given a

Marriage License. There was a lot doing in marriage licenses vesterday in the county clerk's office, it being the largest day this month except one. During the morning a timid young man from Greenfield appeared before the clerk | Battery A Members Will Fill His and wanted a license. He said he was only twenty years old, but the clerk could call up his father, who would give his consent by long-distance 'phone. The boy was Wilbur C. Rice, and the bride, who looked old enough to be the boy's mother, was Mary E. Williams, of this county. The parent soon gave his consent by wire, and the license was obtained. The young man was anxious to have the matter kept secret for some reason.

WILL HOLD CONFERENCE.

Railway Trainmen to Meet Superintendent of L. E. & W. To-Day.

The demands of the Lake Erie passenger and freight conductors and brakemen for higher wages will be taken up in Indianapolis this morning by the general superintendent and about ten division representatives of the Brotherhood of Railway Trainmen. It is not known what amount of increase the conductors are demanding, nor the number of men to be affected by any change that may be made. Other griev-ances, which include, it is thought, a readjustment of hours, will be taken up by the conference.

Sent to Insane Hospital.

A young man named Charles Phillips. who was taken into custody by the police a few days ago on the charge of insanity. has been sent from the jail to the Insane Hospital. The necessary papers for Phil- Sandman saw the fire from Massachusetts lips's removal were slow in being made avenue and turned in the alarm.

CHARGE AGAINST DIETZ.

A Warrant Accuses Him of Robbing Shaw & Vincent.

Theodore Dietz, jr., 609 East North street, was arrested last night by Captain Gerber, of the city detective department, and Detectives Kurtz and Lancaster on a warrant charging him with grand larceny.

Dietz has been working for a year and a half as a clerk for Shaw & Vincent, haberdashers, and during that time it is said has stolen many dollars' worth of merchandise, as well as a considerable sum of money. A search of his room yesterday revealed a dress suit case full of new neckties, over twenty pairs of new hose, six new shirts, twelve stick pins, five pairs of cuff buttons and over \$50 in cash, together with various other articles, it is said. Dietz is said to have admitted his guilt, saying that he has been taking the property of the store ever since he was first employed.

He was first held under suspicion from the fact that a large quantity of neckties were missed one morning after he had locked the store up for the night, and a careful watch has been kept on him by his employers since. It is thought that the amount taken by Dietz will reach \$500 or \$600 by the time all the money and merchandise he is supposed to have taken in A great amount of excitement was caused the past year and a half has been account-

ly trying the riot guns in order to find if EMBARRASSING LETTER TURNS UP TO DISCOMFIT THE DICTATOR.

> Instead of Being "Lined Up" in 1898, He Wrote Letter Glorying in Downfall of Bryan Crowd.

Embarrassing letters, like bad pennies, have a habit of turning up, to the discomfiture of the coiners. In view of the comcould not be located. A search of the jail while he may have departed from Demowrote to the National Democrats of Marion county Nov. 12, 1898, is exciting comment among the Democrats of the Bryan brand:

> "The executive committee of the National Democratic party congratulates the members of the party on the defeat of candidates for Congress and the Legislature on the Chicago platform. We urge all National Democrats to co-operate with us in maintaining this organization so long as necessary to defeat the un-Democratic doctrine of the Chicago platform, for we feel that the triumph of the principles of the Indianapolis platform is essential to the usefulness of the country and the safety of our institutions. "JAMES L. KEACH, Chairman."

The letter is written on the letter paper of the National Democratic county committee, an organization carried over from the campaign of 1896, and the letter head bears the following names: James L. chairman; Walter Kessler, secretary; John P. Frenzel, treasurer; Robert Pythian, Woods P. Canfield, John R. Wilson, Otto Frenzel, James L. Milender, William E. Kleinsmith, Duncan Dewar, Charles B. Mc-Creery, William A. Sullivan, Cornelius W. Sullivan, Herod L. Scotten, Joseph P. Turk, Samuel J. Murray and Frank Straub, jr., members of the executive committee. After five years there are not many these interesting documents extant, but the few that have escaped the ravages of time indicate that the memory of the dictator is paying him funny tricks. Democrats are trying to figure out how Mr. Keach could have been lined up with the more numerous elements of the party when he writes so fulsome a letter of congratulation to those

"PETER, THE BACKSLIDER."

when the letter was written.

Mr. Keach was still chairman of the antis

Upon This Subject Evangelist Lyon Preaches a Sermon.

In spite of the sudden drop in the temperature, a good crowd attended the gospel meeting last night in the tent on Prospect street. "Peter, the Backslider," was the subject of Mr. Lyon's sermon. "The great fault which causes the backsliding of so many people," said Mr. Lyon, "Is that of Peter's, which caused him to deny Christ three times. It is a trust in one's own character rather than in the power of God." To this Mr. Lyon attributed the general lack of faith and the slipping stone for many good people. He said that God's message was revealed when he told Peter and the disciples to come back to Him. It was the mark of forgiveness which is offered to all who will come back to Him. A great many people, Mr. Lyon said, are too lazy to be Christians, and consequently give up. The great thing that the church lacks is enthusiasm; the people are not awake to the love and power of Christ and work in the ritual of the church instead of taking advantage of the message of God. There were a number of professed conversions last night. Mr. Lyon will speak to-night on "The Great Essential." Several afternoon meet-

ngs have been arranged. Sunday at 2 p. m. a men's meeting will be held. Mr. Lyon will talk to men only. On Monday at the same time there will be a meeting for boys and Tuesday afternoon Mr. Lyon will talk to girls and women.

REV. A. B. SIMPSON ARRIVES

President of National Missionary Alliance at the Meetings.

Rev. A. B. Simpson, of New York, president of the National Missionary Alliance, was present yesterday at the meeting of the district convention at the Tabernacle Presbyterian Church. Mr. Simpson will remain with the convention until its close on Sunday and will preach once a day. The meetings of the alliance have grown daily in interest and, enthusiasm and some good work is being done. The convention will close Sunday, on which day a collection will be taken for the work of the alliance. During the rest of the week Harry Maxwell, the singing evangelist, of Greencastle, will have charge of the music of the convention

LIEUT. FRED SWAN RESIGNS.

Place by Election.

Special orders issued at the office of the adjutant general of the State show that Maj. W. H. Kershner has been detailed acting assistant inspector to inspect the state property for which Col. Harry B. Smith, of the Second Regiment, is responsible, and to make a similar inspection of state property under the control of Captain Garrard, of Company A, Second Infantry. The resignation of First Lieut, Fred Swan, of Battery A, has been accepted by the adjutant general, and his place has been ordered filled by election.

Mr. Shideler's Inspection Trip.

J. E. Shideler, deputy postmaster, has made several tours of inspection around the city relative to increasing the number of free delivery stations. Mr. Shideler sent in his report last night to the free delivery department, recommending four new stations. Two of the stations will be in the southern part of the city, on Virginia avenue and South Meridian street; another will be on Capitol avenue and one will be put in on Indiana avenue.

Federal Building Shed Burns. A shed in the rear of 28 and 30 East Ohio street, located on the grounds of the new federal building, caught fire last night about 11:30 and was partially destroyed. The loss was \$25. Nightwatchman John Taylor had just made his rounds when he saw the blaze. Patrolmen Weaver and

jail by singing and yelling night and day. A padded cell is badly needed both at the jail and police station.

COURT WILL BE ASKED TO TAKE UP TAX FERRET QUESTION AGAIN.

Countles Deduct Amounts State Is Claimed to Owe, but Will Settle if Courts Say So.

It is settled that the state auditor is to the question of whether or not the State must assist in the payment of tax ferrets. The attorney general holds that county commissioners have no right to bind the State to this kind of an arrangement in making contracts with tax ferrets, and has advised the state auditor to allow county treasurers to make no reductions in making their settlements on this account,

An arrangement was made yesterday, however, by which the counties that have contracts of this kind are to pay over to the State, in making their settlements, whatever is due, less the amount the counties claim the State owes as its share of collections by tax ferrets. The settlements are to be made with the agreement indorsed on the settlement sheet and signed by the county treasurer, that the balance shall be paid whenever the court shall decide the question as to the State's duty in the matter of tax ferrets' collections. Two counties settled yesterday on this

basis. Shelby county's treasurer deducted \$367.32, and Boone county deducted \$289.19. The treasurer of Shelby county wanted to settle several days ago, but insisted on reowed for collections based on tax ferrets' work.. He finally consented to make the settlement with the understanding that his county is to pay over the amount deducted if the court sustains the attorney general's views. There are about thirty counties in the State that have tax ferrets at work, and all will settle under the arrangement decided on yesterday. As soon as all of these countles make their settlements Auditor Sherrick will bring his test suit. Settlements were made with the state auditor yesterday as follows: Gibson county, \$28,605.19; Jefferson county, \$19,038.72; Adams county, \$20,351.34; Dearborn county, was made by the sheriff and his deputies, cratic principles in 1896, he was all right in \$18,735.89; Shelby county, \$35,978.04; Boone but it revealed nothing. The package was 1898, the following letter, which Mr. Keach county, \$33,868.17.
